

PRESS RELEASE

Clifton Mining Company Inc. (OTC : CFTN)

FOR RELEASE – June 21, 2007

ABL EXPANDS PRODUCTION / RELEASES NEW PACKAGING

American Biotech Labs (ABL), a private company (Clifton Mining Company owns 23% of ABL) has finished construction and received government production approval of a new and larger production facility. The company has also just released two new packages for its silver solution bringing current ABL number of products for sale to eight.

New Production Facility

ABL has leased a building and constructed a state of the art manufacturing, bottling, and gelling plant. The new facility, which can produce 60 bottles per minute, increases total production capability to 1.4 million bottles/month. Gel manufacturing and tubing machines are being placed on line.

New Products Released

ABL management has conducted market research and released two new Silver Biotics packages. These include a family size 16 ounce bottle and a four ounce personal size with a spray top. These products are now in distribution and have been well received.

Clifton trades on the U.S. OTC: (CFTN). For additional information, contact Dr. Ken Friedman, President at 303-642-0659, Keith Moeller Vice President at 801-756-1414 ext. 100 or see our website at www.cliftonmining.com
